

GL 27 Ground Less **Special for camper & caravan**

Technical Data / Dati tecnici:

Type	:	1/4 λ .
Impedance	:	50 Ω
Frequency Range	:	26-28 MHz
Radiation	:	Omnidirectional
Polarization	:	Vertical
V.S.W.R. at freq. res.	:	$\leq 1.2:1$
Bandwidth at VSWR 2:1	:	5500 KHz
Max power (P. e P.)	:	50 Watts
Antenna connection	:	UHF-Female (PL-259)
Cable lenght / type	:	4 m / white RG 58
Cable connector	:	UHF-Male (PL-259)
Mount	:	ASP 1 mirror mount
Height (approx.)	:	1140 mm
Weight (approx.)	:	430 gr

Description / Descrizione:

Large bandwidth vehicular antenna for mobile service specially conceived for installation where ground plane is not required. The whip is made of black glass fibre and its stainless steel spring guarantees the best robustness and flexibility. No tuning is required. Typical installation is on the supplied mirror bracket ASP 1.

Antenna veicolare larga banda concepita per installazione senza piano di massa metallico. Lo stilo radiante in fibra di vetro montato su una molla in acciaio garantisce la massima robustezza e flessibilità. Installazione tipica mediante l'utilizzo dell'attacco a specchio ASP1 fornito in dotazione.
